Period poverty is real and it's a problem across Canada and locally. It's prioritizing food over tampons or housing and bills over menstrual supplies to survive each month when you're struggling to make ends meet. Menstrual hygiene products are one of the most requested, yet least donated items at food banks, and with the cost of living on the rise, these types of supports are so important to help families and individuals who are facing poverty or limited budgets.

Last year, we collected 2,019 boxes of menstrual hygiene products and provided support to 19 different organizations across Oxford County, because of your donations!

You can also donate online now through our website <https://unitedwayoxford.ca/donate/> or at the event to continue providing donations throughout the year.
